

VISION ZERO

SAFE STREETS SAVE LIVES

Vision Zero is a strategy to eliminate all traffic fatalities and severe injuries, while increasing safe, healthy, equitable mobility for all.

Did you know?

Between 2017 and 2021, there was an average of 26 traffic fatalities per year. Getting to zero will require infrastructure improvements, education, and data-driven policy, but most importantly it will require your support.

Our Commitment

The City of Toledo, in partnership with the Toledo Metropolitan Area Council of Governments, the Ohio Department of Transportation, and the community, is working to:

1. identify where crashes and serious injuries are happening
2. understand causes of crash related injuries and deaths
3. reduce roadway fatalities to zero by the year 2031

How to get involved

1. Take the Toledo Traffic Safety Survey

scan the QR code with your phone, help the City identify what changes could be made to achieve the Goals of Vision Zero by answering the following questions.

2. Sign up for vision zero updates

We will be hosting public meetings, at community events, and guest speaking at block watch and other neighborhood groups. Sign up for alerts to attend a meeting and receive updates.
